The global economy is continuing growing at a modest pace, according to the OECD's latest Economic Outlook. Global growth is projected to hold steady at 2.6% in 2024 before edging up to an average of 2.7% in 2025-26. Elevated central bank rates to fight inflation and a withdrawal of fiscal support amid high debt weigh on economic activity. Inflation is falling faster than expected in most regions, amid unwinding supply-side issues and restrictive monetary policy. Global headline inflation is expected to fall to 5.8 percent in 2024 and 4.4 percent in 2025, with the 2025 forecast having been revised down. India's GDP expanded at 8.2 percent in 2023-24. That was higher than the 7 per cent in 2022-23, aided by a greater than expected expansion of 7.8 per cent in the fourth quarter.

India remains a bright spot in the global steel industry and the steel demand in the country is expected to show a healthy growth of 8.2% in 2024 compared to a global growth of 1.7%, according to the latest Short Range Outlook of World Steel Association. Growth in India's construction sector is driven by government spending on infrastructure and recovery in private investment. Infrastructure investment will also support capital goods sector. Besides, healthy growth momentum is expected to continue in the automotive sector. These, in turn, will push up steel demand in the country. China remained the leader in world crude steel production although registering a decline of 1.9% compared with the same period of 2023 and China accounted for 54.7% of world crude steel production during the period under review. India was the 2nd largest producer of crude steel with an output of 32.327 mt in January March 2024, showing a yoy growth of 9.7%. The country accounted for 8% of world crude steel production during the period.

The Indian economy has adeptly managed inflation, placing it on a robust growth path. This growth is further bolstered by an increasing share of investment in GDP, appropriate budget allocations, and government expenditures targeted at the infrastructure segment. However, India has also faced its share of challenges, including supply disruptions due to constraints in accessing raw materials and the inherent volatility of prices. Despite these obstacles, the Indian steel industry remains resilient, contributing significantly to the country's economic growth and development.

The metallurgical coke market size has grown steadily in recent years. Metallurgical coke market size is forecast to reach at high advancing at a CAGR of 3.8% between 2024 and 2034, owing to the rising usage of metallurgical coke in various applications such as iron and steel processing, glass manufacturing, and more. Metallurgical coke along with iron ore and limestone, is extensively layered into pulverized Coal Injection process to convert the iron ore to metallic iron. The demand for metallurgical coke are on high due to the following factors:

- The rapid growth of the steel industry has increased the demand for metallurgical coke; thereby, fueling the market growth. Asia-Pacific dominates the metallurgical coke materials market, owing to the various government initiatives in the sector such as the introduction of Steel Scrap Recycling

Policy aimed at Imports and the imposition of a 30% cut in the export duty on iron ore to ensure supply for the domestic steel industry.

- Wind power is the fastest-growing energy technology in the world today, according to the National Renewable Energy Laboratory (NREL). Steel is the primary material used for making onshore and off-shore wind turbines. Thus, the increasing wind power sector will further boost the metallurgical coke market during the forecast period.
- Moreover, there is an increasing demand for steel for construction applications such as offshore oil rigs, bridges, thermal & hydroelectric plants, civil engineering machines, rail carriages, pressure vessels, nuclear, and interior ducting, which will drive the market growth.

**INDEPENDENT AUDITOR'S REPORT
TO THE MEMBERS OF FOUNDRY FUEL PRODUCTS LIMITED**

To,

The Members of Foundry Fuel Products Ltd.

Report on the Audit of the Financial Statements

Opinion

We have audited the accompanying financial statements of **Foundry Fuel Products Limited** ("the Company") which comprise the Balance Sheet as at 31st March, 2024, and the Statement of Profit and Loss (including Other Comprehensive Income), the Statement of changes in Equity, and the Statement of Cash Flows for the year then ended and a summary of significant accounting policies and other explanatory information (together referred to as "financial statements").

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid financial statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended, ("Ind AS") and other accounting principles generally accepted in India, of the state of affairs of the Company as at 31st March, 2024, and loss and total comprehensive income, changes in equity and its cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit of the financial statements in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Act. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Companies Act, 2013 and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on the financial statements.

Material Uncertainty Related to Going Concern

We draw attention to Note 26 to the financial statements in respect of the Company's business which was dependent on the commencement of mining operation by its holding company. However, during the F.Y. 2014-15, the Hon'ble Supreme Court had passed an order cancelling coal block allocations of various companies including the holding company. Considering the aforesaid cancellation, the Company is looking for another business project. In view of no business operations, the Company has incurred loss on account of administrative and other expenses, current liabilities are more than current assets as at current & previous year end and its net worth has also become negative. Further, depreciable fixed assets have been fully depreciated in the previous year considering no significant recoverable value. The Company has received commitment from holding company for infusing the funds as and when required for any working capital requirements or any other shortfall that may arise due to the lack of operations in the Company. Considering the same, accounts are prepared on going concern. Our opinion is not modified in respect of this matter.

Above matter was also covered in Emphasis of Matters in audit report issued by us for the year ended 31st March, 2015 to 31st March, 2018 and Material Uncertainty Related to Going Concern paragraph in audit

report issued for the year ended 31st March, 2018 to 31 March, 2023. Our opinion was also not modified in respect of above matter in earlier financial years.

Key Audit Matter

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the financial statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. In addition to the matter described in the *Material Uncertainty Related to Going Concern* section above, we have determined that there are no key audit matters to communicate in our report.

Information Other than the financial statements and Auditor's Report Thereon

The Company's Board of Directors is responsible for the preparation of the other information. The other information comprises the information included in the Management Discussion and Analysis, Board's Report including Annexures to Board's Report, Corporate Governance and Shareholder's Information, but does not include the financial statements and our auditor's report thereon.

Our opinion on the financial statements does not cover the other information and we will not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information identified above when it becomes available and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit, or otherwise appears to be materially misstated.

When we read the other information, if we conclude that there is a material misstatement therein, we are required to communicate the matter to those charged with governance and make other appropriate reporting as prescribed.

Management's Responsibility for the Financial Statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these financial statements that give a true and fair view of the financial position, financial performance, total comprehensive income, changes in equity and cash flows of the Company in accordance with the Ind AS and accounting principles generally accepted in India. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the Board of Directors is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Board of Directors either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors are also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

1. As required by Section 143 (3) of the Act, we report that:
 - a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
 - b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.
 - c) The Balance Sheet, the Statement of Profit and Loss including Other Comprehensive Income, the Statement of Changes in Equity and the Cash Flow Statement dealt with by this Report are in agreement with the books of account.
 - d) In our opinion, the aforesaid standalone financial statements comply with the Indian Accounting Standards specified under Section 133 of the Act read with Rule 7 of the Companies (Accounts) Rules, 2014.
 - e) The going concern matter described in 'Material Uncertainty Related to Going Concern' paragraph above, in our opinion, may have an adverse effect on the functioning of the Company;
 - f) On the basis of the written representations received from the directors as on 31st March, 2024 taken on record by the Board of Directors, none of the directors is disqualified as on 31st March, 2024 from being appointed as a director in terms of Section 164 (2) of the Act.
 - g) With respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate report in "Annexure B. Our report expresses an unmodified opinion on the adequacy and operating effectiveness of the Company's internal financial controls over financial reporting; and
 - h) The Company has not paid any remuneration to its directors and hence, provisions of section 197 of the Act read with Schedule V to the Act in respect of managerial remuneration are not applicable. Therefore, any reporting as required by Section 197(16) of the Act is not applicable to the Company.
 - i) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, as amended from time to time, in our opinion and to the best of our information and according to the explanations given to us:
 - i. The Company does not have any pending litigations, which would impact its financial statements;
 - ii. The Company did not have any long term contract including derivative contract for which there are any material foreseeable losses.
 - iii. According to the information and explanations given to us and on the basis of our examination of records of the Company, there are no amounts which were required to be transferred to the Investor Education and Protection Fund by the Company.

- iv. (a) The Management has represented that, to the best of its knowledge and belief, no funds have been advanced or loaned or invested (either from borrowed funds or any other sources or kind of funds) by the Company to or in any other person or entity, including foreign entity ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, whether, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Company ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries (Refer note 32 to the standalone financial statements);
- (b) The Management has represented, that, to the best of its knowledge and belief, no funds have been received by the Company from any person or entity, including foreign entity ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the Company shall, whether, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries (Refer note 32 to the standalone financial statements);
- (c) Based on the audit procedures that have been considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the representations under sub-clause (i) and (ii) of Rule 11(e), as provided under (a) and (b) above, contain any material misstatement.
- j) The Company has not paid / proposed dividend during the year. Therefore, any reporting as required by Section 123 of the Act is not applicable to the Company.
- k) Based on our examination, which included test checks, the Company has used accounting softwares for maintaining its books of account for the financial year ended March 31, 2024 which has a feature of recording audit trail (edit log) facility and the same has operated throughout the year for all relevant transactions recorded in the softwares. Further, during the course of our audit we did not come across any instance of the audit trail feature being tampered with.

As proviso to Rule 3(1) of the Companies (Accounts) Rules, 2014 is applicable from April 1, 2023, reporting under Rule 11 (g) of the Companies (Audit and Auditors) Rules, 2014 on preservation of audit trail as per the statutory requirements for record retention is not applicable for the financial year ended March 31, 2024.

2. As required by the Companies (Auditor's Report) Order, 2020 (the "Order") issued by the Central Government in terms of Section 143(11) of the Act, we give in "Annexure A" a statement on the matters specified in paragraphs 3 and 4 of the Order.

- 8) According to the information and explanations given to us and on the basis of our examination of records of the Company, there were no transactions relating to previously unrecorded income that have been surrendered or disclosed as income during the year in the tax assessments under the Income Tax Act, 1961.
- 9) Based on our audit procedures and as per the information and explanations given to us by the management, we are of the opinion that
- a) The Company has not defaulted in repayment of loans and payment of interest thereon to any lender (holding Company). The Company has not taken any loans from bank or financial institution.
- b) The Company has not been declared as willful defaulter by the lender.
- c) The Company has not raised any term loans during the year. Hence, reporting under clause 3(ix)(c) is not applicable.
- d) The funds raised on short term basis have not been utilised for long term purposes. Hence further reporting under clause 3(ix)(d) is not applicable.
- e) The Company does not have any subsidiary, associates and joint ventures. Hence, reporting under clause 3(ix)(e) and 3 (ix)(f) is not applicable.
- 10) a) During the year, the Company has not raised money by way of initial public offer or further public offer [including debt instruments]. Hence further reporting under clause 3(x)(a) is not applicable.
- b) The Company has not made any preferential allotment or private placement of shares or convertible debentures during the year. Hence further reporting under clause 3(x)(b) is not applicable
- 11) a) During the course of our examination of the books of account and records of the Company, carried out in accordance with generally accepted auditing practices in India and according to the information and explanations given to us, we have neither noticed nor have been informed by the management, any incidence of fraud by the Company or on the Company.
- b) No report under sub-section (12) of section 143 of the Companies Act has been filed in Form ADT-4 as prescribed under rule 13 of Companies (Audit and Auditors) Rules, 2014 with the Central Government, during the year and upto the date of this report.

- c) As informed to us, no whistle blower complaints have been received by the Company during the year.
- 12) In our opinion and according to the information and explanation given to us, the Company is not a Nidhi company. Therefore, clause (xii) of paragraph 3 the Order is not applicable.
- 13) According to the information and explanations given to us and based on our examination of the records of the Company, transactions with the related parties are in compliance with sections 177 and 188 of the Act where applicable and details of such transactions have been disclosed in the standalone financial statements as required by the applicable Indian accounting standards.
- 14) a) In our opinion, the Company has an internal audit system which commensurate with the size and nature of its business.
- b) We have considered, the internal audit reports for the year under audit, issued to the Company during the year and till date of our report, in determining the nature, timing and extent of our audit procedures.
- 15) In our opinion and according to the information and explanations given to us, the Company has not entered into any non-cash transaction with directors or person connected with him. Therefore, clause (xv) of paragraph 3 the Order is not applicable.
- 16) In our opinion and according to the information and explanations given to us,
- a) The Company is not required to be registered under Section 45-IA of the Reserve Bank of India Act 1934. Hence, reporting under clause 3(xvi)(a), (b) and (c) of the Order is not applicable.
- b) There is no core investment company within the Group (as defined in the Core Investment Companies (Reserve Bank) Directions, 2016) and accordingly reporting under clause 3(xvi)(d) of the Order is not applicable.
- 17) The Company has incurred cash losses in the current financial year and in the immediately preceding financial year as given below:

(Rs. in lakhs)

Financial Year	Cash losses incurred
2022-23	21.91
2023-24	25.05

- 18) There has been resignation of the statutory auditors during the year. There were no issues, objections or concern raised by the outgoing auditors.
- 19) We draw attention to Note 26 to the financial statements in respect of the Company's business which was dependent on the commencement of mining operation by its holding company. However, during the F.Y. 2014-15, the Hon'ble Supreme Court had passed an order cancelling coal block allocations of various companies including the holding company. Considering the aforesaid cancellation, the Company is looking for another business project. In view of no business operations, the Company has incurred loss on account of administrative and other expenses, current liabilities are more than current assets as at current & previous year end and its net worth has also become negative. Further, depreciable fixed assets have been fully depreciated in the previous year considering no significant recoverable value. The Company has received commitment from holding company for infusing the funds as and when required for any working capital requirements or any

other shortfall that may arise due to the lack of operations in the Company Considering the same, accounts are prepared on going concern. The above matter is reported under Material Uncertainty Related to Going Concern paragraph in our main audit report.

- 20) During the year, the Company is not required to spent any amounts towards Corporate Social Responsibility (CSR). Accordingly, reporting under clause 3(xx)(a) and (b) of the Order is not applicable for the year.
- 21) The Company does not have any subsidiary hence reporting under clause 3(xxi) is not applicable.

Annexure B to the Independent Auditor's Report for the year ended 31st March, 2024

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of
Section 143 of the Companies Act, 2013 ("the Act")

Report on the Internal Financial Controls under section 143(3)(i) of the Act

We have audited the internal financial controls over financial reporting of Foundry Fuel Products Limited ("the Company"), as of 31st March, 2024, in conjunction with our audit of the financial statements of the Company for the year ended on that date.

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31st March, 2024, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the ICAI.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the 'Guidance Note'), issued by the Institute of Chartered Accountants of India ('ICAI'). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Act, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the ICAI. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and of such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the

maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the Company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the Company are being made only in accordance with authorizations of management and directors of the Company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the Company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

THE FINANCIAL STATEMENTS OF THE COMPANY FOR THE YEAR ENDED 31ST MARCH 2024 WERE APPROVED AND ADOPTED BY THE BOARD OF DIRECTORS OF THE COMPANY IN THEIR MEETING DATED 29TH MAY 2024.

Note 1 - Significant accounting policies

1.1 Basis of preparation of financial statements:

Compliance with Ind AS

The financial statements of the Company have been prepared in accordance with Indian Accounting Standards (Ind AS) notified under Companies (Indian Accounting Standards) Rules, 2015 as amended by the Companies (Indian Accounting Standards) Rules, 2019.

1.2 Presentation and disclosures of financial statements:

All assets and liabilities have been classified as current & non-current as per Company's normal operating cycle and other criteria set out in the Division II of Schedule III to the Companies Act, 2013. The figures are rounded off to lakhs with two decimals.

In view of no business activities carried on by the Company, 12 months has been considered by the Company as normal operating cycle for the purpose of current/non-current classification of assets & liabilities. Deferred tax assets and liabilities are classified as non-current assets and liabilities. The financial statements are presented in Indian Rupee, which is the functional currency of the Company.

1.3 Use of estimates and judgements:

The preparation of the financial statements in conformity with IND AS requires the Management to make estimates judgments and assumptions that affect the application of accounting policies, reported balances of assets and liabilities, the disclosure of contingent assets and liabilities as on the date of financial statements and reported amounts of income and expenses during the year. Management believes that the estimates and assumptions used in the preparation of financial statements are prudent and reasonable. Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognized in the period in which the estimates are revised and future periods are affected. The financial instruments are measured at fair value and fair value is determined based on hierarchy given in Note 16 (b). There are no other items that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year.

1.4 Basis of measurement:

The financial statements have been prepared on a historical cost convention and on accrual basis except for non-current investments which have been measured at fair value amount. The financial statements are in accordance with Division II of Schedule III to the Act, as applicable to the Company.

1.5 Financial Instruments:

Financial assets and financial liabilities are recognised when the Company becomes a party to the contractual provisions of the instrument. Financial assets and liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through profit and loss) are added to or deducted from the fair value measured on initial recognition of financial asset or financial liability. The transaction costs directly attributable to the acquisition of financial assets and financial liabilities at fair value through profit and loss are immediately recognised in the statement of profit and loss.

Effective interest method:

The effective interest method is a method of calculating the amortised cost of a financial instrument and of allocating interest income or expense over the relevant period. The effective interest rate is the rate that exactly discounts future cash receipts or payments through the expected life of the financial instrument, or where appropriate, a shorter period.

(a) Financial assets:**Cash and bank balances:**

Cash and cash equivalents include cash in hand, bank balances, deposits with banks (other than on lien) and all short term highly liquid investments (with zero exit load at the time of investment) that are readily convertible into known amounts of cash and are subject to an insignificant risk of changes in value.

Financial assets at amortized cost:

Financial assets are subsequently measured at amortised cost if these financial assets are held within a business model whose objective is to hold these assets in order to collect contractual cash flows and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Financial assets measured at fair value:

Financial assets are measured at fair value through other comprehensive income if these financial assets are held within a business model whose objective is to hold these assets in order to collect contractual cash flows or to sell these financial assets and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Equity investments which are not held for trading, irrevocable election is made to measure at fair value through other comprehensive income. Such election is made on an instrument by instrument basis at the time of initial recognition of such equity investments.

Financial asset not measured at amortised cost or at fair value through other comprehensive income is carried at fair value through the statement of profit and loss.

Impairment of financial assets:

The Company recognizes loss allowances using the expected credit loss (ECL) model for the financial assets which are not fair valued through profit or loss. For all other financial assets, expected credit losses are measured at an amount equal to the 12-month ECL, unless there has been a significant increase in credit risk from initial recognition in which case those are measured at lifetime ECL. The amount of expected credit losses (or reversal) that is required to adjust the loss allowance at the reporting date to the amount that is required to be recognised is recognized as an impairment gain or loss in profit or loss.

De-recognition of financial assets:

The Company de-recognises a financial asset only when the contractual rights to the cash flows from the asset expire, or it transfers the financial asset and substantially all risks and rewards of ownership of the asset to another entity.

(b) Financial liabilities and equity instruments:**Classification as debt or equity:**

Financial liabilities and equity instruments issued by the Company are classified according to the substance of the contractual arrangements entered into and the definitions of a financial liability and an equity instrument.

Equity instruments:

An equity instrument is any contract that evidences a residual interest in the assets of the Company after deducting all of its liabilities. Equity instruments are recorded at the proceeds received, net of direct issue costs.

Financial liabilities:

Trade and other payables are initially measured at fair value, net of transaction costs, and are subsequently measured at amortised cost, using the effective interest rate method where the time value of money is significant.

De-recognition of financial liabilities:

The Company de-recognises financial liabilities when, and only when, the Company's obligations are discharged, cancelled or they expire.

1.6 Property, plant and equipment

- a) Property, plant and equipment are stated at cost of acquisition less accumulated depreciation and accumulated impairment losses, if any. Gross carrying amount of all property, plant and equipment are measured using cost model. Cost of property, plant and equipment includes non-refundable taxes and duties, borrowing cost directly attributable to the qualifying asset and any directly attributable costs of bringing the asset to its working condition for its intended use and the present value of the expected cost for the dismantling/decommissioning of the asset.
- b) Parts (major components) of an item of property, plant and equipments having different useful lives are accounted as separate items of property, plant and equipments. When significant parts of property, plant and equipment are required to be replaced at intervals, the Company derecognises the replaced part, and recognises the new part with its own associated useful life.
- c) Capital work-in-progress comprises of cost incurred on property, plant and equipment under construction / acquisition that are not yet ready for their intended use at the Balance Sheet date.
- d) Property, plant and equipment are eliminated from financial statement, either on disposal or when retired from active use. Losses arising in the case of retirement of property, plant and equipment and gains or losses arising from disposal of property, plant and equipment are recognised in the statement of profit and loss in the year of occurrence.
- e) Depreciation on property, plant and equipment

Depreciation on property, plant and equipment (other than freehold land and capital work in progress) is provided on straight line basis over the useful life of the relevant assets net of residual value whose life is in consonance with the life mentioned in Schedule II of the Companies Act, 2013 except;

Assets	Estimated useful life depreciated on SLM basis
Individual assets whose cost does not exceed Rs.5,000	Fully depreciated in the year of capitalization

The range of useful lives of the property, plant and equipment not covered in table above and are in accordance with Schedule II are as follows:

Particulars	Useful life
Shed and Buildings	10 – 30 years
Plant and Machineries	15 years
Electric Installations	10 years
Computers	3 years
Office Equipments	5 years
Vehicles	8 – 10 years

- b) In the case of assets purchased, sold or discarded during the year, depreciation on such assets is calculated on pro-rata basis from the date of such addition or as the case may be, upto the date on which such asset has been sold or discarded.
- c) The residual values, useful lives and methods of depreciation of property, plant and equipment are reviewed at each balance sheet date and in case of any changes, effect of the same is given prospectively.

1.7 Revenue recognition:

Revenue is recognised to the extent that it is probable that the economic benefits will flow to the Company and the revenue can be reliably measured. Revenue is recognized on satisfaction of performance obligation as per contract and upon transfer of control of products to customers. Revenue is measured at the transaction price that is allocated to that performance obligation.

1.8 Impairment of non-financial assets

The carrying amounts of assets are reviewed at each balance sheet date for any indication of impairment based on internal / external factors. An impairment loss is recognised wherever the carrying amount of an asset exceeds its recoverable amount. The recoverable amount is the higher of a) fair value of assets less cost of disposal and b) its value in use. Value in use is the present value of future cash flows expected to derive from an assets or Cash-Generating Unit (CGU).

Based on the assessment done at each balance sheet date, recognised impairment loss is further provided or reversed depending on changes in circumstances. After recognition of impairment loss or reversal of impairment loss as applicable, the depreciation charge for the asset is adjusted in future periods to allocate the asset's revised carrying amount, less its residual value (if any), on a systematic basis over its remaining useful life. If the conditions leading to recognition of impairment losses no longer exist or have decreased, impairment losses recognised are reversed to the extent it does not exceed the carrying amount that would have been determined after considering depreciation / amortisation had no impairment loss been recognised in earlier years.

1.9 Leases

At inception of a contract, the Company assesses whether a contract is, or contains, a lease. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. The Company has elected not to recognize

right-of-use assets and lease liabilities for leases of low-value assets and short-term leases. The Company recognizes the lease payments associated with these leases as an expense on a straight-line basis over the lease term.

At commencement or on modification of a contract that contains a lease component, the Company allocates the consideration in the contract to each lease and non-lease component on the basis of their relative stand-alone prices.

The Company recognizes a right-of-use asset and a lease liability at the lease commencement date. The right-of-use asset is initially measured at cost, which comprise of the initial amount of the lease liability adjusted for any lease payments made at or before the commencement date net of lease incentive received, plus any initial direct costs incurred and an estimate of costs to dismantle and remove the underlying asset or to restore the underlying asset or the site on which it is located.

The right-of-use assets is subsequently measured at cost less any accumulated depreciation, accumulated impairment losses, if any and adjusted for any re-measurement of the lease liability. The right-of-use asset is depreciated using the straight-line method from the commencement date over the shorter of lease term or useful life of right-of-use asset. The estimated useful lives of right-of-use assets are determined on the same basis as those of property, plant and equipment.

The lease liability is initially measured at the present value of the lease payments that are not paid at the commencement date, discounted using the interest rate implicit in the lease or, if that rate cannot be readily determined, the Company's incremental borrowing rate. The lease liability is measured at amortized cost using the effective interest method.

1.10 Taxes on income:

- a) Tax expenses for the year comprises of current tax, deferred tax charge or credit and adjustments of taxes for earlier years. Current and deferred tax is recognised in profit or loss, except to the extent that it relates to items recognised in other comprehensive income or directly in equity. In this case, the tax is also recognised in other comprehensive income or directly in equity, respectively
- b) Provision for current tax is made as per the provisions of Income Tax Act, 1961.
- c) Deferred tax is provided using the liability method on temporary differences between the tax bases of assets and liabilities and their carrying amounts for financial reporting purposes at the reporting date. Deferred tax liabilities are recognised for all taxable temporary differences, and deferred tax assets are recognised for all deductible temporary differences, carry forward tax losses and allowances to the extent that it is probable that future taxable profits will be available against which those deductible temporary differences, carry forward tax losses and allowances can be utilised.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the year when the asset is realized or the liability is settled, based on tax rates (and tax laws) that have been enacted or substantively enacted at the reporting date. Deferred tax assets and deferred tax liabilities are offset, if a legally enforceable right exists to set off current tax assets against current tax liabilities and the deferred taxes relate to the same taxation authority.

Deferred tax assets are recognised only to the extent that it is probable that future taxable profit will be available against which such deferred tax assets can be utilized. In situations where the Company has unused tax losses and unused tax credits, deferred tax assets are recognised only if it is probable that they can be utilized against future taxable profits. Deferred tax assets are reviewed for the appropriateness of their respective carrying amounts at each Balance Sheet date.

At each reporting date, the Company re-assesses unrecognised deferred tax assets. It recognises previously unrecognised deferred tax assets to the extent that it has become probable that future taxable profit allow deferred tax assets to be recovered.

1.11 Cash and cash equivalents:

Cash and cash equivalents include cash in hand, bank balances, deposits with banks (other than on lien) and all short term highly liquid investments / mutual funds that are readily convertible into known amounts of cash and are subject to an insignificant risk of changes in value.

1.12 Cash flow statement:

Cash flows are reported using the indirect method, where by net profit/(loss) before tax is adjusted for the effects of transactions of a non-cash nature, any deferrals or accruals of past or future operating cash receipts or payments and item of income or expenses associated with investing or financing cash flows. The cash flows from operating, investing and financing activities of the Company are segregated.

1.13 Earnings per share:

- a) Basic earnings per share is calculated by dividing the net profit or loss (after tax) for the year attributable to equity shareholders by the weighted average number of equity shares outstanding during the year. The weighted average number of equity shares outstanding during the period is adjusted for events of bonus issue and share split, if any.
- b) For the purpose of calculating diluted earnings per share, the net profit or loss (after tax) for the year attributable to equity shareholders and the weighted average number of equity shares outstanding during the year are adjusted for the effects of all dilutive potential equity shares.

1.14 Provisions, contingent liabilities and contingent assets:

- a) A provision is recognised when the Company has a present obligation (legal or constructive) as a result of past event and it is probable that an outflow of resources will be required to settle the obligation, in respect of which a reliable estimate can be made. If the effect of time value of money is material, provisions are discounted using a current pre-tax rate that reflects, when appropriate, the risk specific to the liability. When discounting is used, the increase in the provision due to the passage of time is recognised as a finance cost. These are reviewed at each balance sheet date and adjusted to reflect the current best estimates.
- b) A disclosure for a contingent liability is made when there is a possible obligation or a present obligation that may, but probably will not require an outflow of resources. When there is a possible obligation or a present obligation in respect of which likelihood of outflow of resources is remote, no provision or disclosure is made.
- c) A contingent asset is disclosed, where an inflow of economic benefits is probable.
- d) Provisions, contingent liabilities and contingent assets are reviewed at each balance sheet date.

1.15 Segment reporting:

Operating segments are reported in a manner consistent with the internal reporting provided to the chief operating decision-maker. The chief operating decision-maker, is responsible for allocating resources and assessing performance of the operating segments and makes strategic decisions.

1.16 Recent accounting pronouncements

b) Fair value hierarchy

Financial assets and financial liabilities are measured at fair value in the financial statement and are grouped into three levels of a fair value hierarchy. The three Levels are defined based on the observability of significant inputs to the measurement, as follows:

Level 1 : Quoted (unadjusted) prices in active markets for identical assets or liabilities.

Level 2 : Other techniques for which all inputs which have a significant effect on the recorded fair value are observable, either directly or indirectly.

Level 3 : Techniques which use inputs that have a significant effect on the recorded fair value that are not based on observable market data.

c) Financial assets/ liabilities measured at fair value

Fair value through statement of Profit & Loss*	-	-	-
Total	-	-	-

* Cost of investment in equity instruments is Rs. 1 lakh.

d) Fair valuation techniques

The fair values of the financial assets and liabilities are included at the amount that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

The following method and assumptions are used to estimate the fair values:

Financial assets and liabilities

The management assessed that fair value of Cash and cash equivalents, Short term borrowings, Trade payables, Current financial liabilities approximate their carrying amounts largely due to the short-term maturities of these instruments.

18 Financial risk management and capital management

The Company has exposure to the two risks mainly credit risk and liquidity risk. The Board of directors has overall responsibility for the establishment of the Company's risk management framework. Risk management systems are reviewed periodically to reflect changes in market conditions and Company's activities.

A Financial risk management:**i) Credit risk :**

Credit risk is the risk of financial loss to the Company if a counterparty to a financial instruments fail to meet its contractual obligations. The Company is exposed mainly to credit risk which arises from cash and cash equivalents.

a) Cash and cash equivalents

The Company considers factors such as track record, size of institution, market reputation and service standards to select the banks with which balances are maintained. The balances are generally maintained with banks with whom the Company has regular transactions. Further, the Company does not maintain high amount of cash in hand. Considering the same, the Company is not exposed to expected credit loss of cash and cash equivalents.

ii) Liquidity Risk :

Liquidity risk is defined as the risk that the Company will not be able to settle or meet its obligation on time. The Company does not maintain sufficient liquidity to meet the obligations as and when due. However, the Company receives continuous support from the Holding Company to meet its obligations. The table below provides details regarding the remaining contractual maturities of financial liabilities at the reporting date based on the undiscounted payments.
